REMOVE 25,000 CHIPS		

Level times can be altered based on the casino's needs and suggested times are 1 hour, 90 minutes, or a combination of both. Please note that if hour long levels are used than breaks will be done every 2 levels and if 90 minutes than breaks should be done after each level. This will also leave latitude for the casino on when to schedule dinner breaks and end of days.

(Casino Reserves the right to make changes in the best interest of the Tournament)
